LeBooster
DUBLIN

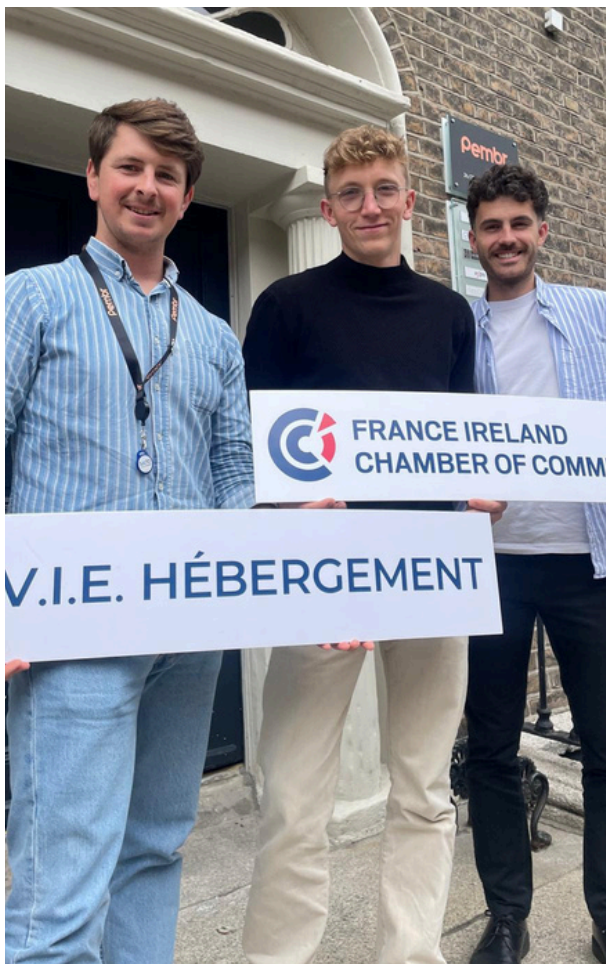

SIMPLIFY YOUR INTERNATIONAL EXPANSION!

LeBooster is the brand name for accommodation spaces offered by French Chambers of Commerce abroad (CCIFI) around the world. It provides modern, high-quality office accommodation, managed by the local French Chamber of Commerce, offering companies optimal working conditions.

LeBooster also connects companies with experts and service providers who are members of the local French Chamber of Commerce. It provides networking opportunities through events and, ultimately, ensures that companies can quickly integrate into their target market.

V.I.E, EMPLOYEE, STARTUP AND ENTREPRENEUR OFFICE SUPPORT

A company wishing to approach a new market through a V.I.E, an employee without a local office, or a business development representative must find a suitable host structure. If the company does not have a local partner or office able to host them, they can benefit from accommodation within the France Ireland Chamber of Commerce.

We provide a fully equipped workspace in our offices, ideally located in the centre of Dublin. This professional environment enables faster adaptation to the country, easier access to the local business ecosystem, and secure support for the hosted person, whether they are a V.I.E, employee, entrepreneur, or startup founder.

A COMPLETE OFFER FOR HOSTED COMPANIES

1/ Preparation for relocation

To help your employee or V.I.E become operational quickly, our local teams will guide them through their personal relocation procedures before departure and upon arrival.

OUR COMMITMENT: To establish a connection before departure and from the very first days of arrival, in order to prepare your employee or V.I.E under the best possible conditions.

2/ Our hosting offer

Office hosting offering optimal working conditions in a prime location.

We provide an equipped workstation in a 6-person open space, including:

- 140 cm x 70 cm desk
- Ergonomic chair
- Individual storage
- IT equipment: monitor, keyboard, mouse
- High-speed internet and Wi-Fi access
- Access to printer, photocopier, and scanner
- Daily cleaning of the office and shared spaces

Additional services:

- Reception service, visitor welcome, mail distribution and sending
- Meeting rooms and phone booth
- IT maintenance
- Access to catering areas: 1 dining room and 2 kitchenettes
- Free coffee and tea

Our offices are ideally located in a secure business district, close to company headquarters and French institutions, including the Embassy, Business France, and Alliance Française - **Eircode D02 F890**

OUR COMMITMENT: To provide modern, high-quality accommodation offering companies optimal working conditions, recognised by the LeBooster label.

3. Membership with FICC & the CCIFI network

By hosting your employee or V.I.E in our Business Centre, you give them the opportunity to accelerate their integration into the Franco-Irish business community of the France Ireland Chamber of Commerce.

Your employee or V.I.E will therefore be able to take part in the many events specially designed for our members.

OUR COMMITMENT: To offer you an environment in which you can quickly build contacts and develop a business network that supports your commercial growth in Ireland.

THEY TRUSTED US

"Thanks to this environment and the events organised by the Chamber of Commerce, I was able to better understand the Irish market and exchange with key players in my sector, construction. This enriching experience allows me to carry out my assignment under excellent conditions. Many thanks to the Chamber of Commerce and the VIE Team for their support!"

Antoine Brisson, V.I.E. UK/Ireland Manager, Rincent

"Being based at the Chamber of Commerce is a real advantage on a daily basis: the environment is dynamic, welcoming, and highly conducive to exchanges. Working in the heart of Dublin makes it easy to meet the Chamber's teams, other VIEs, and local companies, making the experience even more enriching. Through the events organised by the Chamber of Commerce and professional meetings, I was able to better understand the local market and develop my network."

Lucas Despin, V.I.E Wind Data & Field Engineer, Epsiline
